

# A COMPLETE LINE OF **PREMIUM LAWN & GARDEN BATTERIES**

A rugged battery tough enough to withstand the outdoor Canadian conditions and performs when & where you need it most.

- » Ideal for power tractors and recreational vehicles applications
- » Plenty of cranking amps to perform in summer's scorching heat and winter's bitter cold
- » Spill proof and leak proof design

# **PRO POWER**

## BATTERY SPECIFICATIONS

GROUP NO.	PART NO.	PERFORMANCE LEVEL			CORE VALUE	APPROXIMATE WEIGHT - lbs (kgs.)		MAXIMUM OVERALL DIMENSIONS - inches (mm)					
		CCA @ 0°F	RESERVE CAPACITY	REF. CA @ 32°F		LENGTH	WIDTH	HEIGHT					
U1	11U1L	350	-	410	0.5	19	(8.6)	7 ¾	(197)	5 ½	(130)	7 ¼	(184)

U1 = left front positive; U1R = right front positive (with terminal side of battery facing you)

## Key features and benefits of the PRO POWER Lawn & Garden battery

### FEATURES

### BENEFITS

Group U1/U1R batteries are calcium construction and maintenance-free	<i>Deliver more power-per-pound and longer storage life, and eliminate the need to add water.</i>
Premium, deep-pocket envelope separators	<i>Prevent internal shorting and provide maximum cranking capacity by protecting all sides of the plates.</i>
Tough, lightweight polypropylene cases	<i>Rugged enough to withstand the roughest conditions.</i>
Flush-cover (Group U1/U1R only)	<i>Eliminates dangerous acid spills and lost vent caps, and matches original equipment batteries.</i>
Flush-cover batteries are leakproof and spillproof	<i>For worry-free installation and maintenance checks.</i>
More than 250 quality control checks	<i>Guarantee superior performance... every time!</i>
Made in the U.S.A.	<i>Your assurance of quality.</i>
