DID YOU KNOW?

Fuel efficient tires can save you \$\$\$\$\$\$

Goodyear is offering a family of tires and retreads featuring Fuel Max Technology. Available in all wheel positions — steer, drive and trail — Goodyear tires and retreads featuring Fuel Max Technology work together to help improve fuel efficiency and lower operating costs.

Each Fuel Max tire incorporates cool-running compounds to help improve KM per litre for fuel savings you can apply straight to your bottom line. Along with promoting many KM's per litre, tires and retreads with Fuel Max Technology offer great performance and long tread life for a low cost per KM. Fuel Max Technology. One more reason to choose Benson as your tire supplier.

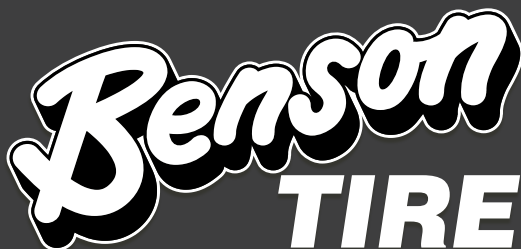

Benson Tire is committed to the highest quality of retreading.

Stop by one of our locations today and let us show you how we can save you money.
