

As the largest Goodyear dealer in Ontario, Benson Tire is able to provide solutions that meet the needs of the single broker or the largest fleets. With extensive inventories of Goodyear, Dunlop and Kelly tires, Benson Tire is able to satisfy every buyer.

Currently Benson Tire has 13 locations conveniently located throughout Ontario ready 24 hours a day to meet and service the needs of the trucking industry.

Three company-owned retread plants and a rim refinishing plant allow Benson to offer cradle-to-grave service. Once you purchase a new product, Benson will keep it looking new through our state-of-the-art powder coat rim refinish process or we will provide a new tread on a recap adding extra kilometers to your original purchase.

National Accounts are welcome at any of our servicing locations. Our certified service team continues to train under the Goodyear Fleet HQ Banner. All staff is offered continuous training to ensure they have the latest updates on products and service techniques in order to exceed your service expectations.

**Whether you are an independent broker or a fleet operator, you can rest assured that Benson Tire can offer a solution for all your tire needs or concerns. Benson Tire believes in Quality Service and Customer Satisfaction.**
