BI850

FLK #62850936
Tire Size: 11R22.5 Open Shoulder Drive

Robust Regional Service Tire with Excellent Traction
The BI850 features an aggressive open-shoulder tread design suited for on and off-highway drivability and high-traction conditions. Packed with technology to protect the casing for extended tire life as well as a compound to withstand on-highway scrub and off-highway terrain, the BI850 is the workhorse of Falken's commercial offering.

BI830

FLK #62830936
Tire Size: 11R22.5 Closed Shoulder Drive

Line Haul Service Tire Designed for Longer Miles
The BI830 is a super regional and line haul offering focused on long mileage capability. For trucks concerned with this, along with on-highway handling and a healthy wear behavior the BI830 is a solid choice for a drive axle tire. Featuring wide footprint for even wear and tread features to combat irregular wear the BI830 delivers long driving miles for a low maintenance tire solution.

RI130

FLK #62130936
Tire Size: 11R22.5 All Position Rib

Fuel Efficiency for Long Distance Transport
The RI130, specifically designed for line haul routes and on-highway driving, is equipped with an all-new tread compound formulated to get more mileage without compromising fuel efficiency. To keep debris from penetrating the casing, this tire includes stone drilling prevention features. Ideal for drivers seeking a premium steer tire that achieves high mileage and durability.

GI368

FLK #62589979
Tire Size: 425/65R22.5 Super Single

Excellent Carrying Capacity for Heavy Loads
The GI-368 is Falken's open-shoulder wide-base tire offering that's packed with features to ensure casing protection and extend the life of the tread rubber. This tire can withstand harsh off-road conditions and rugged road surfaces through its innovative compound engineered to combat tread tearing. The GI-368 provides resistance to cut and chipping and delivers on-road traction and stability.
